About Us

Asia International Group is nowadays the leading manufacturer and supplier of high quality helmets in Vietnam. The product lines are known for famous and trusted brands such as: Asia, Royal, Roc, ACCap, JC Helmet ...

Asia always places responsibility on each product, bringing high quality products and the most dedicated service to customers. We commit to providing our customers with high quality and diversified products which are suitable for the domestic and international consumers' tastes.

Culture & Core Values

Core values include a code of conduct for employees and the group. They also represent the corporate culture that we strive towards and the promises we make with the company and its stakeholders. We become whole by sharing the same values and applying them consistently in our decision making. Asia will face challenges through cooperation and mutual respect while delivering on our commitments, while appreciating individual talent and diversity to build a unique corporate culture.

CUSTOMER FIRST

We promote a customer-oriented corporate culture by providing best quality products and excellent service with all customer-centered values.

PEOPLE

We believe that our organizational future lies in the hearts and abilities of each of our members. We will help them reach their full potential by building a corporate culture that respects talents.

CHALLENGE

We are not satisfied with the present, open to every opportunity for a bigger challenge and confidently gain our goals with unwavering passion and flexible thinking.

GLOBALITY

We respect the diversity of cultures, aspire to be the world's most useful business in what we do and strive to be a respected global business.

COMMUNICATION & COOPERATION

We build collective strength through the criterion of "together" driven by mutual communication and cooperation within the group and with our business partners.

Business Philosophy

LET'S BUILD A NEW FUTURE TOGETHER AND REALIZE THE DREAM OF HUMAN SAFETY AND HAPPINESS BY CREATIVELY THINKING AND FACING CHALLENGES

The world is full of changes and uncertainty, people have to face varied objective and subjective risks, epidemics, wars, accidents, changes in social security, population growth, factors that cause social imbalance, life fasts forward. Man, an entity that exists and is organically involved in social relations, is increasingly under pressure from pragmatism as a way of life, consumerism, and changes in psychophysiology.

In terms of more physical reality, we, as a business in the helmet industry, understand these issues deeply. We are a business with a clear worldview. We convey our creative thinking into the helmet product full of passion with a greater responsibility than a mere business. We serve people and society by providing best products to keep you **safe on every journey.**

A strong sense of responsibility
